

December 12th 2017

09:00 **REGISTRATION**

09:30 – 10:30 **LYMPHONODES AND ADRENAL METASTASES**

Lymphonodes metastases clinical assessment

Lymphonodes metastases imaging assessment and percutaneous treatments

Adrenal metastases Clinical assessment

Adrenal metastases Imaging assessment and percutaneous treatments

10:30 – 11:15 **OPENING CEREMONY & ICIO AWARDS**

11:15 – 13:00 **LUNG METASTASES**

Clinical assessment and multidisciplinary approach

Imaging assessment

Surgical options

RFA (Radiofrequency Ablation) & MWA (Microwave Ablation)

Cryoablation

SBRT (Stereotactic Body Radiation Therapy)

Embolization

13:00 - 13:30 **A PROPOSAL OF STANDARD PRACTICE IN LUNG METASTASES
INTERVENTIONAL ONCOLOGY**

13:30 – 14:30 **LUNCH SATELLITE SYMPOSIUM (NO ECM)***

December
12th - 13th
2017

icio2017.com

14:30 – 15:30 ICIO MEETS INNOVATION ON ABLATION TREATMENTS

Ablation Imaging Guidance

Stereotactic Ablation

ILE (Irreversible electroporation)

15:00 Immunologic response in tumor

15:20 Systemic response after ablation therapy

15:10 Immunotherapy + Ablation

15:30 – 17:30 BONE METASTASES

Clinical assessment and multidisciplinary approach

Imaging assessment

Spine mets imaging assessment

Surgical options

RT (Radioteraphy

RFA (Radiofrequency Ablation) & MWA (Microwave Ablation)

Cryoablation

HIFU (High-intensity Focused Ultrasound)

Embolization

Vertebroplasty & Kyphoplasty

RFA (Radiofrequency Ablation) plus cementoplasty

Spine infiltration for painful metastases

**17:30 - 18:00 A PROPOSAL OF STANDARD PRACTICE IN BONE METASTASES
INTERVENTIONAL ONCOLOGY**

18:00 – 18:45 MARIE CURIE 150° Anniversary (no ECM)*

December
12th - 13th
2017

icio2017.com

December 13th 2017

08:45 – 09:15 SPONSORED LECTURES (no ECM) *

09:15 – 11:00 COLORECTAL CANCER LIVER METASTASES

Clinical assessment and multidisciplinary approach

Imaging assessment

Surgical options

RFA (Radiofrequency Ablation) & MWA (Microwave Ablation): Laparoscopic approach

RFA (Radiofrequency Ablation) & MWA (Microwave Ablation): Percutaneous approach

Embolization & TACE (Trans-Arterial Chemoembolization)

DEBIRI (Drug-Eluting Beads, Irinotecan)

TARE (Trans-Arterial Radio Embolization)

11:00 - 11:45 A PROPOSAL OF STANDARD PRACTICE IN COLORECTAL CANCER LIVER METASTASES INTERVENTIONAL ONCOLOGY

11:45 – 13:00 No COLORECTAL CARCINOMA (No CRC) LIVER METASTASES

Clinical assessment and multidisciplinary approach

Imaging assessment

Surgical options

Radiofrequency Ablation (RFA) & Microwave Ablation (MWA)

Embolization

TACE (Trans-Arterial Chemoembolization)

TARE (Trans-Arterial Radio Embolization)

Chemosaturation

SBRT (Stereotactic Body Radiation Therapy) of liver metastases

December
12th - 13th
2017

icio2017.com

13:00 – 14:00 LUNCH SATELLITE SYMPOSIUM (no ECM)

14:00 – 15:30 INTERVENTIONAL RADIOLOGY OF VASCULAR DISEASES IN ONCOLOGICAL SETTING

Interventional Radiology of Vascular Diseases in Oncological Setting: Artery

Stroke:

Neurologist point of view

Interventional radiologist point of view

Carotid stenting:

Vascular surgeon point of view

Interventional radiologist point of view

TEVAR (Thoracic Endovascular Aortic Repair):

Vascular surgeon point of view

Interventional radiologist point of view

EVAR (Endovascular Aneurysm Repair):

Vascular surgeon point of view

Interventional radiologist point of view

CTO (Chronic Total Occlusions) & BTK (Below-the-knee)

Vascular surgeon point of view

Interventional radiologist point of view

Interventional Radiology of Vascular Diseases in Oncological Setting: Venous

Venous stenosis

Venous thrombosis

TEP (Pulmonary thrombo-embolism)

15:30 – 16:45 FOCUS ON METASTASES

Biliary involment in liver metastases: endobiliary biopsy

Biliary involment in liver metastases: how treat and avoid complications

Anesthesiology assessment in Interventional Oncology

Emergency assessment in Interventional Oncology

Errors and Malpractice in Interventional Oncology

16:45 – 17:00 LECTURE: Multimodal Imaging of liver metastases

17:00 – 18:15 ICIO MEETS INNOVATON ON INTERVENTIONAL ULTRASOUND

Ultrasound guided biopsies

Fusion imaging ON interventional ultrasound

CEUS (Contrast-enhanced ultrasound) in ablation targeting

CEUS (Contrast-enhanced ultrasound) in ablation follow up

18:15 – 18:30 CLOSING REMARKS

18:30 – 19:00 ECM AVALUTATION TEST

NO ECM SESSIONS

December 12th 2017

10:30 – 11:15 **OPENING CEREMONY & ICIO AWARDS**

13:30 – 14:30 **LUNCH SATELLITE SYMPOSIUM**

18:00 – 18:45 **MARIE CURIE 150^o Anniversary**
Female Interventional Radiology in Europe

Female Interventional Radiology in Italy

Laudation

18:45 **MARIE CURIE Cocktail**

December 13th 2017

08:30 – 09:00 **SPONSORED LECTURES**

13:00 – 14:00 **LUNCH SATELLITE SYMPOSIUM**
